Year 8			
Theme	Skills	Choices	Skills
Name	Skills for careers	University vs apprenticeships - The big debate	Your skills, your team, your future!
Description	Students begin to understand transferable skills and the importance they have in a range of careers.	Students work in groups to narrow down information on the pros and cons of university and apprenticeships, and share their findings with the class.	Students identify their strongest skill, and practise putting this into a real-life career scenario. They work with their classmates to create a super strong team, and present to the rest of the class.
