

Tools for Learning

To ensure that all students are ready and equipped to learn there is a compulsory school equipment list. The items listed are required at all times and regular checks will be made to ensure that all students have the correct equipment they need for their lessons.

If students come to school without their Tools for Learning they will be sent to the Stationery Shop in the printroom to purchase the missing items using cash at the prices listed below.

Please be aware that teachers of Science, Technology, Geography and Art encourage the use of coloured pencils rather than gel or felt-tip pens and all KS3 students will need to purchase a Brakenhale logo Art Sketch Book.

All stationery items (apart from Brakenhale logo items) can be purchased from high street shops.

Alternatively, after Easter you will be able to purchase the following Tools for Learning items from Main Reception daily from 8am - 5pm:

Filled pencil case	£3.70
Scientific Calculator	£6.50
Brakenhale Sketch Book	£1.00
Total cost for all three items	£11.20

These items will also be available to purchase on induction days. We can only accept cash payment for these items and the correct money would be appreciated. Individual items can be purchased during term time from the Print Room.

Please note that prices may vary in accordance with suppliers used.
